Re: Year 11 Review of Marking Letter (0001-26ASW)

Dear Parent / Carer,

Following the GCSE examinations each summer, we analyse the results to determine if there are any potential review of marking opportunities for children who are a few marks away from a grade 4 or 5.

Review of marking requests are incredibly expensive for schools and academies. However, to support future life chances, Longfield Academy will pay for a review of marking where pupils are **1-4 marks off a grade 4 or 5 in maths and English**.

As a parent, I understand how frustrating it is for your child if they were, for example, only one mark off a 9. Therefore, if you wish to request a review of marking for any subject other than maths or English, the cost of each review of marking would be payable by you as the parent / carer.

Costs of all reviews of marking are provided in the table below. As an example, if your child was one mark away in geography – all 3 papers should be requested to ensure the best chance of an extra mark being found.

Your deadline to request a review of marking is Friday 18th September 2026. In order to process a review of marking request, payment must also be received by Friday 18th September 2026. Please note, we are unable to submit any review of marking requests without payment.

To submit a request, please contact Mr Griffiths – Exams Officer, preferably by email, ensuring you use "Review of Marking Request" as the email subject so this can be treated as a priority. E: jackgriffiths@longfield.nalp.org.uk

Your request will be recorded, and reception will contact you via telephone to take payment. Alternatively, if you are unable to submit your request in writing, please telephone reception T: 01325 380815. Payment can be made in person at reception via cash or card, or over the telephone via card.

A note of caution:

- Marks can go down as well as up. We cannot be held responsible if this occurs
- Discuss with the Head of Department as soon as possible, as they can request the papers to see if the marking looks inaccurate
- We will not submit a remark unless payment has been received
- BTEC subjects do not have this option (DT, Sports Science, Health & Social Care, etc.) unless it is the exam module grade only. This will only impact a small proportion of the overall mark as the majority of the grade is derived from the coursework sections

Please also note, if your child's grade goes up, we will reimburse your fees as the exam board will not charge for successful remarks.
